25X1 13. [redacted] - PLC) LIAISON At the request of  
Mr. Warner, OGC, placed a call to Thomas Susman, Chief Counsel,  
Senate Judiciary Subcommittee on Administrative Practice and Procedure,  
25X1A to inform him that Mitch Rogovin had talked to Senator Frank Church (D., Idaho),  
Chairman, Senate Select Committee, advising him that Susman's Subcommittee  
had requested all of the Agency's material concerning the [redacted] case and that  
Senator Church had requested that the Agency do nothing until he talked to  
Senator Edward M. Kennedy (D., Mass.), Chairman, Senate Judiciary  
Subcommittee on Administrative Practice and Procedure. In the interim,  
Mr. Warner called me to advise that Susman had called him and that final  
arrangements had been made for the package of material to be kept at the  
Agency's Watch Office for delivery this evening to Susman should Senator Church  
have talked to Senator Kennedy and cleared the material for delivery to the  
Subcommittee. Susman subsequently returned my call and confirmed the  
arrangements with Warner. No call was received to deliver the material.

25X1 14. [redacted] - PLC) THIRD AGENCY At the request of  
25X1 [redacted] C/CCS, I placed a call to Charles Gladson, General Counsel,  
A.I.D., to press him for a decision as to whether A.I.D. can declassify  
the material requested by Senator Richard S. Schweiker (R., Pa.), including  
Operation Brotherhood and not involving the Agency. [redacted] said he was 25X1  
being pressed heavily from the office of Robert J. McCloskey, State, to give  
Schweiker an answer. Gladson was not in the office and I explained the  
situation to his secretary and asked that Gladson call me as soon as possible.  
The call was not returned.

1. [REDACTED] RC) INTELLIGENCE BRIEFING Accompanied [REDACTED] OSI, to brief Representative Margaret Heckler (R., Mass.) on Portugal. Her primary interest was the political situation in Portugal, particularly the plight of the anti-communist forces and what the factual situation was in terms of what the U.S. Government could do to assist the good guys. There was a brief discussion of the Azores. She said she was a firm supporter of the Agency but there were a few things that we have done that she thought were kind of dumb.

2. [REDACTED] RC) LIAISON Took a call from J. G. Sourwine, Chief Counsel, Senate Judiciary Subcommittee on Internal Security, who said he had been unable to purchase the Pearl Recorder and wondered if we could steer him in the right direction. I said I would check and get back to him.

3. [REDACTED] RC) LIAISON Wheaton B. Byers, Executive Secretary, President's Foreign Intelligence Advisory Board (PFIAB), called and asked for the status of the Hoover report request. I said I would look into it and call him back in the morning.

1. [REDACTED] LIAISON In response to a call from [REDACTED] LA Division, I contacted Representative Bill Archer (R., Texas) regarding his recent trip to the Soviet Union with Speaker of the House, Carl Albert's group. Mr. Archer, who is [REDACTED] had indicated to [REDACTED] that the Agency might be interested in his observations during the trip. Mr. Archer seemed pleased with the call and agreed to report his observations to CIA experts on Soviet affairs. His appointment secretary will call within the next day or so to set up a specific time. [REDACTED] OCL, has been advised and will provide the debriefers.

2. [REDACTED] HEARINGS Talked with Walter Sheridan, on the staff of Senate Judiciary Subcommittee on Administrative Practice and Procedure, on two occasions and advised him that we prefer not to turn over the [REDACTED] documents to him because the [REDACTED] family has filed a claim under the Federal Tort Claims Act and the President has referred the case to the Attorney General for consideration, thus the case is in litigation. Secondly, there are some documents which fall in the area of privacy involving doctor/patient relationship. I told him that his lawyer can call our lawyer, John Warner, if there are any problems with this. On the other three questions concerning Massachusetts, Lexington, and Dr. Abramson, it would take time to get the facts together, at least the balance of a day, because it involves history. In terms of the questions he asked last week on on-going and recent programs, we will be prepared to brief him anytime. I noted that since the Senate had given the Church Committee full mandate to look into all Agency activities, I asked why his Committee wanted to do the same thing. He said his Committee had a long legislative history on health matters and had every right to look into these matters. I said I understood that his Committee had this interest but wondered why they wanted to go back into the 1950's. He said his interest is in current programs but he wanted to hear about the old ones to see whether he wanted to go into history. I suggested he hear about the current ones now instead of going back into history.

22. [REDACTED] - RJK) BRIEFING Received a call from Rick Gilmore, on the staff of the Multinational Subcommittee of Senate Foreign Relations. Gilmore referred to his earlier request for information on the nature of Agency contacts with major U.S. grain export companies. He insisted that he had a right to get this kind of information from the Agency and that he expected to receive it without any further delay. As [REDACTED] had suggested, I told Gilmore he should talk with Chuck Meissner, of the staff, because Meissner had been briefed by Agency personnel in this general area and could share his information with Gilmore. Gilmore said he didn't want a secondhand briefing and would not accept this arrangement. I told him I would get back to him after checking with my superiors.
